DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: Cancel claims 1-12 and claims and claims 23-30.

BL.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: With regard to independent claim 13, the prior art fails to teach or suggest a three-dimensional imaging system including a digitizer having a linear image sensor to collect three-dimensional data about an object; an orientation fixture to automatically reposition the object from a first orientation to a second orientation to expose a first aspect and a second aspect of the object relative to the digitizer, wherein the digitizer and orientation fixture are integrally coupled as a single unit; and a controller to coordinate the automatic repositioning with data capture by the digitizer. As for independent claim 20, the prior art also fails to teach or suggest a method for locking and unlocking an image capture device comprising receiving a request over a distributed network to authorize

operation of a lockable image capture system at a node remote from the image capture

system and coupled to the distributed network; and sending an authorization data to the

image capture system across the distributed network such that the image capture

system is unlocked and enabled to capture an image.

3. Any comments considered necessary by applicant must be submitted no later

than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on

Statement of Reasons for Allowance."
